

# Boogie Down Productions Lyrics

## "Edutainment"

[krs-one]

Give it to em!

Nuff respect!and praise to the creator  
Over the years it seems that I became a  
Landmark, in the hip-hop field of art  
I she'd light, yet my skin is dark  
I'm not conerned with climbin the chart  
Cause why should you pay when it comes from the heart?  
I'll start, cause only jah will create it  
I'll just name it, edutainment  
People sit and they look at my album  
Like a problem, they try to solve em  
They don't know, it only leads the way  
To a bright more positive day  
By itself, it's not the bright day  
Sit up straight, and hear what I say  
Fear and ignorance, I'm down for stoppin this  
But the bright day is your conciousness  
I am poet, my words will heal you  
I'm not a phony I'll really feel you  
That's why I walk and talk to my nation  
Wherever they are, in any situation  
They usually ask for an autograph  
And I'll whip out the pen and just write blast-  
-master, k-r-s, o-n-e  
Bdp, peace and unity  
But do not concentrate on the paper  
Concentrate on the laws of the creator  
Cause when the paper's gone, it will deceive you  
But allah will never leave you

Nothing I say now is hypothetical  
These are the facts, a little metaphysical  
We are one, every heart every lung  
So why then was the black man hung?  
He was hung by the so-called christians  
That went to church, and did not listen  
See jesus couldn't stand politics  
So they nailed him to a crucifix  
Then it was that way, today it's a trigger  
So why is the pope such a political figure?  
I don't know, but it's really beyond me

But through knowledge, they'll never con me  
Cause from Jesus Christ to right now  
Everytime a black man speaks up, ka-pow  
See people concentrate on the leader  
And not the message comin through the speaker  
If the Christians really heard Christ  
The black man never would've lived this life  
My point is that do not concentrate  
On what I state, create, or debate  
I might be great, and you might admire  
But what I say is to take you much higher  
More higher than the physical plane  
To the plane of forces in the astral plane  
The mental plane, and the final three  
They're all around you, yet you can't see  
So grab the sphere of life and aim it  
And you'll be guided by edutainment
